À la tradition représentée par nos artisans nous avons maintenant ajouté des technologies innovatrices pour donner à nos produits l'excellence qui caractérise le made in Italy.

PROGETTAZIONE

La collezione HOME&DESIGN nasce dall'attenzione ai trend degli stili di vita per offrire sempre il miglior supporto ai diversi modi di vivere il proprio relax. Progettiamo divani capaci di assecondare un'idea di riposo più flessibile, non solo legata all'ambiente living, che sappia offrire il massimo in termini di comodità della seduta, ampia scelta delle personalizzazioni e accuratezza dei particolari. Ogni divano propone un'ampia serie di combinazioni e accessori, per trovare la propria personale configurazione di ogni modello modulando la disposizione dei vari elementi. Il nostro ufficio progettazione potrà consigliare gli abbinamenti che meglio rispondono alle vostre esigenze di arredo.

HOME&DESIGN collection born from the attention in lifestyle trends to offer a better support to different ways to live relaxing moments. We create sofas able to indulge a more flexible rest and to offer the maximum comfort, a large range of customization and accuracy of the details. Each sofa disposes of a large range of combinations and accessories. Our design office will suggest the better solutions for your living and furniture needs.

La collectionne HOME&DESIGN est née avec une particulier attention aux tendance du moment et aux différents styles de vie, pour donner toujours le meilleur support aux routines de relax. Nous projections nos canapés pour donner flexibilité a vos moments de relax, pour vous offrir le maximum en termes de relaxation, des confort dans l'assise, beaucoup de choix dans la personnalisations des détails. Chaque modelé vous propose plusieurs combinaisons et accessoires pour vous permettre de moduler les éléments selon votre idée personnelle. Notre bureau de projection pourra vous conseiller pour mieux satisfaire vos exigences.

Impieghiamo materiali innovativi per ampliare gli orizzonti della nostra progettazione e del vostro relax. Dalla struttura all'imbottitura, la qualità degli elementi compositivi di ciascun divano è massima: caratterizzati dalla struttura in vero legno. Una grande attenzione viene prestata anche ai meccanismi relax, che rendono possibile mobilizzare la posizione di schienale e bracciolo per estendere il comfort del proprio divano. Per l'imbottitura, elemento cardine di ogni divano, abbiamo introdotto un nuovo materiale dalle alte prestazioni: CLIMASOFT è una novità che consente di ottenere le stesse performance della piuma d'oca in termini di morbidezza e traspirabilità. Una vera e propria rivoluzione per il comfort e l'accoglienza, grazie a un più stabile microclima delle sedute.

We use innovative materials to enlarge the orizons of our designs and your comfort. From the structure to the padding, the quality of each sofas component is the highest: characterized from a real wood structure. A very big attention is given to the reclining mechanism which allows to move the back and arm position to extend the comfort of the sofa. The padding is the key of the sofa comfort, that's why we introduced a new material very high permorming: CLIMASOFT it is a news that permits to obtain the same performance of the down feather padding in terms of softness and transpability. A real comfort revolution thanks to a stable seat microclimate.

Nous recherchons des matériaux toujours a l'avant-garde pour projeter vos moments de relax. A partir de la carcasse jusqu'a le rembourrage, la qualité des matériaux sur chaque canapé est au niveau plus haut; caractérisés par des châssis en vrai bois, sont réalisées avec matériaux complètement sans agglomères ni composant chimis nocifs pour la sante. Attention importante aussi dans la choix de la mécanique relax montée sur nos modelés, qui nous permis de rendre mobile les dossiers et accoudoirs pour vous donner un confort absolu. Pour le rembourrage, détail très important dans un canapé, nous avons introduit un nouveau matériel avec des hauts performances: CLIMASOFT qui nous permis d'obtenir les mêmes performance de la plume en termes de souplesse et transpiration. Une vrai innovation pour le confort et l'accueil, grâce a un plus stable microclimat dans les assises.
